More than "Reentry." Renewing Hope.

We're close. We're excited. Renovations are nearly complete, and soon we'll be ready to open our doors to those in need of a fresh start.

As part of the Sanctuary family, this facility offers an affordable, supportive recovery environment, helping residents grow and prepare to re-enter society with renewed focus on responsible living.

Run by peers in recovery, the facility provides a clean, comfortable space furnished, giving residents a home they can take pride in.
