WOMEN'S PROGRAM

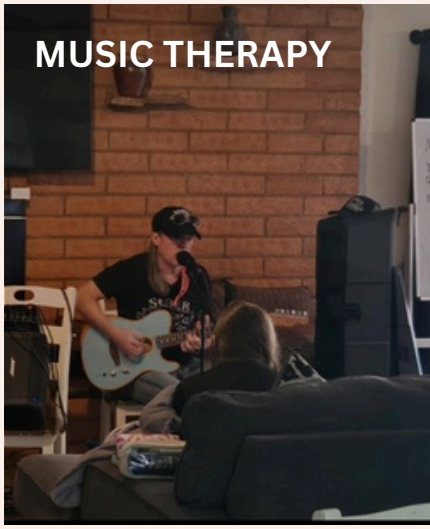

Empowering Women to Heal and Thrive

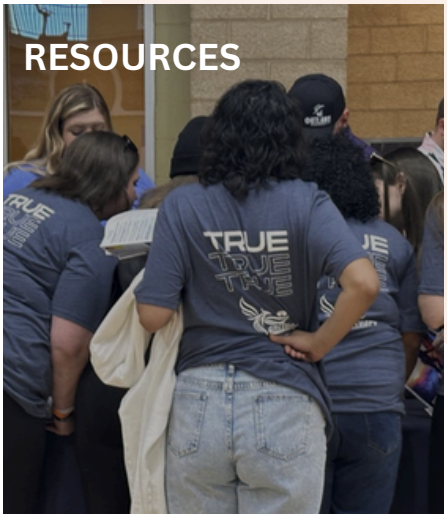

Sanctuary
SANCTUARYRC.COM

Sanctuary Recovery Centers offers peer-driven programs empowering women to heal and rebuild. Activities include Barbell Saves gym, outings, yoga, and sound healing sessions led by a Hatha Gong Master. Music therapy is provided by Jay Dow with Sober Music Company, offering a creative outlet for expression and connection. Our revamped program also supports the women's future by attending events like the Housing and Employment Resource Fairs, creating pathways to new opportunities. To foster gratitude, the women contribute to a 'Gratitude Tree,' writing what they are thankful for on leaves daily. The Starfish and ASU STIR programs provide specialized trauma-informed care training, equipping our staff with tools to guide women into lasting recovery.

A PROGRAM THAT SUPPORTS WOMEN'S RECOVERY AND GROWTH
